Experience

Web Designer & Developer, Magic Technologies Group, CA (July 2008 – August 2011)

- Managed projects independently, interacting with the clients directly in providing services such as updating clients' current websites, and designing promotional materials (both print and online).
- Designed and developed themes and templates for several CMS including Wordpress, Joomla, Magento, X-cart, and our in-house CMS system.
- Collaborated with the development team in integrating the UI of our in-house cart system for several commercial websites.
- Test for and ensure cross-browser compatibility across multiple platforms

Graphic Designer, Atrinsic, Inc., CA (Oct 2005 – May 2008)

- Designed original graphical assets to promote the company and its affiliates.
- Collaborated with the design team in developing several logos and website layout concepts.
- Designed and developed several websites and landing pages to promote company products.

Part-time Web Designer, m80 Marketing Company, CA (Apr – Nov 2005)

- Originally hired as an intern, I was offered the position of part-time designer, taking over the resident designer's duties.
- Designed and developed landing pages utilizing the template system used by the company for promotional purposes.
- Created banner ads for online promotions.

Web Design Intern, 2010 Design Group, CA (Apr – Jun 2005)

- Provided support to resident designers with color correction, illustrations, and research.
- Created original concept design for a stock photography website.

Skills

- Fluent in English, Spanish and Korean.
- Well versed with Adobe Creative Suite; ability to learn new software with ease.
